Company profile

Company Overview

Saman Trading Company declares its readiness to produce various natural leather products like office bags, shoes, accessories, and advertising gifts to the market with several decades of a bright background. This company has been successful due to its belief in the principle of customer orientation and presenting various products with a combination of many years of knowledge base, experienced designers, and knowing superior culture and tastes of customers in the form of multiple shapes and artistic effects considered as the most important capital of the company. Saman has made all its efforts to maintain the dignity of these valuable capitals, as the most prominent feature, to provide services to all consumers from organizations, offices, universities, state-owned companies, and private sectors.

Business Description

Leather is a natural substance with which the perishable skin of animals is transformed into a stable and durable product through tanning. This product is one of the oldest and the primary raw materials for producing bags, shoes, and decorative products. This material is prevalent worldwide due to its durability, high quality, and beautiful colors. Therefore, many countries in the world started to produce this valuable product. China ranks first in producing leather bags and shoes with 25% of global demand in 2020, followed by Brazil, Russia, and India, ranked second to fourth with production of 9.5, 0.7, and 6.4%, respectively. Saman Trading Company has managed to meet the needs of traders and merchants; therefore, by increasing its production and purchasing high-tech production machines, using modern science, and designing various models, it can turn into one of the top manufacturers of this product in the Middle East.

Vision and values

Saman Trading Company's vision in the near future is to expand its activities by upgrading the equipment and machines of factories, increase its production in terms of quantity and quality and meet the needs of traders and merchants around the world, to be known as a superior brand of natural leather products in the world.
